\$3.50 is a mighty good price to pay for a shoe or oxford if you make sure it's a Snow.

In style they carry out the ideas of the higher priced goods; in quality they're without an equal at near their price.

The above is only one of many styles in all leathers here.

## CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver  
Better Than Calomel and Doesn't  
Salivate or Make You Sick

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bowels. Calomel when it comes into contact with your bile creates into it, breaking it up. This is when you feel the burning, burning, and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour. Just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the bile of calomel because it is real liver medicine, entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour, bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

## SOCIETY

**Chorus to Meet.**  
The music committee request all the tenors and basses who will assist in the singing in the Carolina chorus for the Federation of Women's clubs to meet at Mrs. O. L. Martin's this evening at 8 o'clock. And the entire chorus are asked to meet in the Sunday school room of the Baptist school on Friday afternoon at half past five.

Miss Duenna Johnson returned yesterday from Pickens where she has been teaching for the past few months.

**Rabb-Rabb.**  
Mr. and Mrs. Thomas Rabb have issued cards announcing the marriage of their daughter Susie Bell to Mr. Stuart White Rabb on Saturday April 8, 1916, at their home, Rock Hill, S. C.

Mrs. Rabb is a graduate of Winthrop college, she having graduated there the same year Mr. Rabb graduated at Clemson college. She is a very charming and attractive young woman.

Mr. Rabb is a young man of splendid character and holds the position as overseer in the cloth room at Orr mill.

Both have the cordial good wishes of a host of friends.

**Miss Moore Leaves.**  
Miss Mary Moore left yesterday for her home at Clinton, N. Y., after a month's stay in the city. She is a very bright and attractive young woman and made a host of friends during her stay here.

## ORGANIZED BARACA CLASS

Anderson People Went to Starr on Sunday Afternoon.

A baraca class was organized in the Sunday school of the Cross Roads Baptist church at Starr on Sunday afternoon with 12 charter members. A quartette from Anderson, composed of Messrs. Fred Tribble, Chas. Dahn, R. E. King and H. B. Fitzgerald, was present and rendered a few selections. Other Anderson people who were present included Mrs. H. B. Fitzgerald, C. C. Dargan, Dr. A. L. Smethers.

## LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take No Chances! Move Poisons  
From Liver and Bowels at  
Once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—it full of cold, or a sore throat, diarrhea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

## IS ANDERSON CASE

Aftering Suffering Untold Agony  
for 11 Months, Anderson Wo-  
man Marvelously Aided  
By Tanlac.

The scene, as pictured, was one to stir the soul to its depths with commingled sorrow and pity.

The mother, father, husband and children and several neighbors anxiously gathered around the sufferer, whose agony apparently was beyond understanding or description. The suffering mother, her usually sweet and handsome face drawn and ghastly, was writhing in the throes of agony that amounted almost to convulsions. The doctors had been called, but had not arrived. They had called many times before, and had said these often repeated attacks were due to a stomach trouble. But their knowledge and skill were incompetent to combat this working of Nature.

This sufferer was Mrs. Mary Kernels, of 16 Hammett St., Anderson, the wife of G. W. Kernels. She is a woman widely known in the Piedmont Section of South Carolina, being prominently connected by blood and marriage to a number of the best known families of Anderson, Greenville, Pickens and Oconee counties.

But Tanlac, the master medicine, did what nothing else on earth seemed able to do to bring her relief from these terrible attacks, which often came as frequently as four times a day. In less than three weeks after she began taking this wonderful preparation, she had gained ten (10) pounds in weight; and her ailments, which had kept her in bed or in a greatly weakened condition for eleven (11) consecutive months, during which time she had suffered at least two hundred (200) of these convulsions, had been banished. Ten days after she, a bedridden sufferer, began taking Tanlac, she had recovered her health and strength sufficiently to do her household and to go visiting, she said.

It was a wonderful story she told of her suffering and recovery, and equally as wonderful were the details supplied by her father, who, with her husband, and mother were in the room during the interview.

Mrs. Kernel's father, G. W. Hale, of 16 Hammett St., said:

"Her suffering was so terrible and so intense that we had laid her out, thinking her dead, at least two hundred (200) times during the last eleven (11) months. Scores of times when she was laid out, I hoped she really was dead so she could not have to longer endure that awful agony. But she was relieved in just two weeks by Tanlac, and now, fifteen days after she began taking it, she is up and goes out visiting. For five years she suffered these attacks after eating, and we had done everything possible for her. During the past year we spent at least \$600 for doctors' bills for her. But the only relief she obtained was in Tanlac. It is the greatest medicine on earth today."

Regarding her suffering, and the great relief Tanlac gave her, Mrs. Kernels said:

"I suffered from chronic stomach trouble and indigestion for five years. I steadily became worse despite all treatment. I would have spells just after eating that would resemble convulsions, so great was the agony. I would often be in bed as long as a month after one of these attacks. Beginning eleven months ago, I had been, until about two weeks ago, too sick to do anything around the house, and was in the bed or in a chair the greater part of the time."

"Last Summer I was twice operated on at a hospital here, but these operations gave me no relief nor respite from my suffering. When they carried me to a hospital last August on a Thursday, I did not know until the following Sunday where I was, so intense was the agony I suffered. I was unconscious in a way."

"The Monday before I began taking Tanlac on Tuesday afternoon, I had an attack of this trouble and had two doctors to see me. They said my case was hopeless, and that they knew of nothing which would give me relief. They said, though, that an operation might possibly help me—some remote possibility, they plainly stated. It was my stomach which would have been operated on."

"I had been in bed six weeks, and I was told that my trouble was not like any case they had seen reported, but it was known I had stomach trouble. My kidneys also were in bad shape. I had rheumatism a great deal. Everything I ate would sour on my stomach."

"We had done everything we could think of to give me relief, but to no avail. My husband had bought a bottle of Tanlac for my daughter, who had a form of stomach trouble, mild as compared with mine, however, and it was greatly helping her. He said, 'Try Tanlac, Mary.' So, I began taking Tanlac."

"I have now taken a little over two bottles of Tanlac, and I have gained at least ten (10) pounds in weight. I am doing my household work now, and I began taking Tanlac just fifteen (15) days ago. My little girl helps me

some. I feel fine in every way, though I am, of course, a little weak after a year of continuous suffering."

"The very first dose of Tanlac made the convulsion, or spell, which followed my meal much less painful, and the attacks after each subsequent meal gradually became less until, within a week, they were gone entirely. Just think! Tanlac put a stop to those terrible attacks in a week. It is wonderful, and no one who does not know how I suffered, only those who watched over me as I writhed in agony can fully appreciate and understand just what wonderful relief Tanlac gave me. I will never quit praising Tanlac."

"When I told my doctor of what I was taking, when he asked me what was giving me so much relief, he said he certainly was glad of it, so great was the relief Tanlac was giving me. He had said my case was hopeless."

"I stay hungry all the time now, and what I eat does not hurt me at all, but my food digests well and is nourishing me. It is wonderful, really, how Tanlac has relieved my suffering and has restored my health. I have written all my relatives about it, and some of them are now taking it, too. I sure can recommend Tanlac, and do praise it to the skies."

Evans' Pharmacy, Anderson, will answer any inquiries regarding the reliability of the persons named above.

## DEATHS

### DEATH MRS. ROSE McNAIR

Occurred on Sunday Afternoon After Long Illness.

Mrs. Rose Alice McNair, sister of Mrs. Florence Thompson of this city, died on Sunday afternoon at the county hospital after a prolonged illness. Funeral services were held yesterday afternoon at Mrs. Thompson's home, conducted by the Rev. T. C. O'Dell and the Rev. Witherspoon Dodge.

Mrs. McNair came to Anderson from Jacksonville, Fla., about three months ago, being ill at the time. About a week ago an operation was performed with the hopes that this might save her life. However, this proved unsuccessful.

Mrs. McNair is survived by her mother, six sisters and four brothers.

### SPEAKS FRIDAY AFTERNOON

Distinguished Visitor Will Be at First Presbyterian Church.
